50 CENTS PER MONTH

YUAN SHI KAI WILL NOT BE PREMIER

Declares He Could Not Con-
trol Conditions Confront-
ing Chinese Empire

U. S. INTERVENTION NOT
WISHED BY EITHER SIDE

Landing of 10,000 Americans
Would Bring Trouble to
All Foreigners

PEKIN, Nov. 15.—Yuan Shi Kai, the
strong man of China, today definitely
refused the premiership under the
Manchu government. Yuan told the
delegation of the National Assembly,
which begged him to accept the post
that he would be unable to cope with
such a grave situation as now con-
fronts the government.

It is believed here that American
intervention which was apparently
threatened by the hurried American
movements in the Philippines, would
cause the gravest troubles in China.
Rebels and imperialists would both
oppose the landing of American
troops. It is understood here that if
the United States does intervene, it
will act for all the powers, and that
no force by the allies will be used as
was done at the time of the Boxer
uprising. It is reported here that
America is preparing to land ten
thousand men in China. Foreigners
here say that that number of men
would not be nearly enough, as their
landing would simply precipitate dan-
gers to the foreign inhabitants of
China with which such force could
not begin to cope.

It is reported here today that when
General Ying Chang, commander of
the Northern troops, spoke slightly of
Yuan Shi Kai, one of Yuan's agents
shot him.

ITALIANS ORDERED TO LEAVE TURKEY

24 Hours Given; Decree Spells
Ruin to Many—U. S. May
Yet Intervene

The Grand Vizier of Turkey today
issued a sweeping order that every
Italian in Turkey be expelled within
twenty-four hours. Unless all Italians
leave Turkish territory before that
time, the order says they will be
treated as war prisoners. The edict
means the loss of millions to Italians
living in Turkey and its dependencies.

ITALIAN NEWSPAPER CLAIMS
U. S. CONSIDERS MEDIATION
ROME, Nov. 15.—Despite the denial
of Secretary Knox that any negotia-
tions are pending for the intercession
of America as a mediator in the Trip-
olitan situation, the Secolo, a Milan
newspaper, declared today that Amer-
ica, through President Taft, is favor-
ably considering Italy's intimation
that mediation would be acceptable to
the Quirinal.

JUDGE RULED CROSS EXAM. MUST OMIT "OTHER MAN'S" NAME

REDWOOD, Cal., Nov. 15.—Just
what is the connection of "a man
named Phelps of the United States
Navy" in the domestic infidelities of
Millonaire J. J. Moore and his wife,
Lillian, will probably not be brought
out during the trial now progressing
here. This was made almost certain
today when Attorney MacClanahan,
for Moore, was cross-examining Mrs.
Moore, and it was ruled that ques-
tions as to the identity or connection
of Phelps in the case was not com-
petent in the cross-examination.

Mrs. Moore steadfastly denied
wrong-doing, and insisted that all the
trouble in her married life came
through jealousy and brutality by her
husband.

FEDERATION OF LABOR
RAISES McNAMARA FUND
ATLANTA, Ga., Nov. 15.—An at-
tack on the courts of Florida and an
announcement that \$250,000 had been
raised to defend the McNamara
brothers were the principal features
of today's session of the convention
of the American Federation of Labor.
Reinstatement of the carpenters
and joiners and steam and hot water
fitters and helpers, suspended from
the building trades department, was
recommended by the council. The
recommendation involves 200,000 men.

He Stole to Cut Wide Swath In Social Whirl

OAKLAND, Cal., Nov. 15.—
George H. Dickinson, an Oakland
society favorite, and considered
one of the most expect opicians
on the coast is in jail here today
as a result of confessed dishon-
esty, urged on by the lure of so-
cial prestige.

Dickinson is said to have ad-
mitted having stolen sums aggre-
gating between \$500 and \$800, in
an endeavor to cut a wide swath
in the social whirl. C. L. Hogue
of the California Optical Com-
pany, one of his employers, whom
he robbed, declares the amount
reaches \$2000.

Bulletins of News

Frisco Doctor Offers
Body to Vivisectionists

SAN FRANCISCO, Nov. 15.—Facing
starvation with his wife and baby, Dr.
Herbert Glynn is seeking today to
save his family by sacrificing himself
to a living death. The doctor is ad-
vertising his body for sale to vivi-
sectionists.

England Purchases
Islands in South Sea

HONOLULU, Nov. 15.—Canadian
and English capital has acquired the
beautiful Fanning and Washington
islands in the South Sea at a cost of
\$250,000. As a result England not
only gets a new coaling and naval
base, but Honolulu's commerce is
threatened.

Girl Ends Life
From Disappointed Love

LOS ANGELES, Nov. 15.—Alleging
that her love for "Billy" Rudolph, a
wealthy cable proprietor, is unreturned,
pretty Johanna Rocop, aged 22, com-
mitted suicide with gas today. The
girl recently shot and trivially wound-
ed Rudolph when he refused to marry
her.

Author of "Quo Vadis"
Shot Accidentally in Hunt

WARSAW, Poland, Nov. 15.—Henry
Sienkiewicz, the author of "Quo
Vadis" and other novels, is in a hos-
pital here today suffering with gun-
shot wounds inflicted accidentally by
a fellow hunter while shooting pheas-
ants.

Axtell Will Go
On Stand in Own Behalf

STOCKTON, Nov. 15.—It is author-
itatively stated that S. B. Axtell of
Lodi, the publisher on trial for the
murder of Charles Sollars, will take
the stand in his own behalf, and tes-
tify as to the incidents up to the time
of the accident in which Lodi
teachers were wrecked in his ma-
chine.

RAINS RIPENING ORANGES TO GOLD FOR THANKSGIVING

SAN BERNARDINO, Nov. 15.—
The rains of the last few days have
accomplished what the heat of the
summer failed to do.

The orange crop of Southern Califor-
nia is fast ripening under the in-
fluence of the moisture, and grow-
ers who a week ago declared there
would be no fruit for the Thanksgiving
dinner tables now believe the
crop will be ready for market two
weeks earlier than at first thought.

The wintry east probably will not
benefit by the sudden change in the
situation, for there is barely time to
ship oranges to arrive in time for
Thanksgiving. Southern California,
however, will have its own fruit for
the holiday.

The crop will be from one to two
weeks late. Estimates a week ago
were that it would be three weeks
late at least.

COMMERCE COURT RATE DISCUSSION WORKING INJURY

WASHINGTON, Nov. 15.—That the
Interstate Commerce Commission has
been practically shorn of its power
as a result of the decision of the Com-
merce Court on the long and short
haul question, is declared today by
men who for years have been actively
connected with the commission's work.

They believe the Commerce Court's
decision will precipitate another leg-
islative struggle to supply the com-
mission with power to act. Officials
say the decision means that the com-
mission cannot fix "blanket rates," but
must confine itself to fixing tariffs
in special cases. All attempts on the
commission's part to fix all the coun-
try's rates gradually, will hence be
impossible.

APPOINT FINLEY GOV. MANN WILL ENGINEER OF LET SENTENCE CITY STAND

City Trustees Demand That Refuses to Reprieve Henry
Hereafter Data Be- Clay Beattie From Death
come Record for Murder of Wife

TREES ON SCHOOL GOVERNOR CONVINCED
YARD TO BE CUT OF GUILT OF BEATTIE

Chairman Declares in Favor of Praises Judge's Decision as
Short Sessions—Coun- Fair, Impartial and Free
cil's Doings From Error

At the meeting of the City Trustees
last night, Col. S. H. Finley was ap-
pointed city engineer; salary, \$100
per month. Col. Finley served the
city in that capacity some terms ago.
He was formerly county surveyor and
was formerly a city trustee. Discus-
sion concerning Finley brought out
the fact that the city is contemplating
joining with the Southern California
Sugar Company in planning and build-
ing the proposed outfall sewer to the
ocean.

Finley's appointment was accom-
panied by the announcement of the
City Trustees that hereafter all city
engineers must file data collected as
city engineer. The statement was
made that when George Balderston
took office as city engineer last May,
he found practically no records or
data of any kind.

The appointment last night was
made near the end of the session,
which was shorter than usual. In fact,
Chairman Ey announced that it was
his intention to have the board ad-
journ regularly by 9 o'clock, no more
of these 11 and 11:30 o'clock sessions.
He said his policy would be against
long speeches. However, a number of
long speeches were made last night.

In bringing the matter of the ap-
pointment up, Ey said that a number
of sidewalk contractors are wait-
ing for grade stakes to be set, and
something ought to be done about
providing an engineer.

McPhee nominated Col. Finley.
"Personally," said McPhee, "I have
never had much to do with him. But
he is competent, and competency is
what we want, and I beg that if there
is personal animosity to him the mem-
bers of this board lay personalities
aside."

Greenleaf: "I nominate George R.
Wells. He is a young man and just
as efficient as Finley, for I have
known Finley for years."

Alderman: "Before we make the
appointment I want some provision
whereby all data gathered by the en-
gineer be left as records in his of-
fice. The custom has been for the en-
gineers to take the data with them.
All that is now in the office is what
little Balderston gathered while in
office. When he took office, the place
was bare."

City Attorney: "We have a city
ordinance requiring that the records
be left."

Alderman: "Well, why hasn't it
been enforced?"

Grubb: "I agree with Mr. Alder-
man. Those notes are the property of
the city. I have no personal feeling
against Col. Finley. I have employed
him, and he is competent. But, we are
considering building an outfall sewer.
Finley is employed as city engineer by
a concern that we expect to ne-
gotiate with, and I don't think any
man can serve two masters. For that
reason I oppose appointing him city
engineer."

McPhee: "When Bates left the
office, it was cleaned up, all but a
three-legged stool and some cobwebs.
Now a man having no data, has to do
four times as much work as the man
who has. Finley has the data. The fact
that the Southern California Sugar
Company employs Finley, does not
disqualify him. He will give us his
best judgment from the city's stand-
point. So far as that is concerned, we
would probably expect to have a Los
Angeles engineer check the work of
anyone we might have employed."

The ballot was taken, and the vote
stood: Finley, 3; Wells, 2.

The new city engineer was instructed
to at once prepare plans, specifica-
tions and profiles of the Artesia
sewer district that Vrooman Act pro-
ceedings, desired by the district, may
be begun.

Permits Granted

F. P. Nicky petitioned for a permit
to build a corrugated iron shed at
410 West Fourth street, pledging
himself to move it within five years.
The shed is to be a storehouse for
bath-tubs. The petition was granted
for two years.

Jasper Leck for the Board of Super-
visors asked for permission to erect
a corrugated iron shed at the county
hospital, and the petition was granted.
The extra rooms are needed for in-
dignents. The permit is for one year.

Property owners on East Chestnut
from the 700 block to the 1000 block
asked that electric light poles be
moved to the edge of the street in
accordance with the street as straight-
ened.

Refuses to Reprieve Henry
Clay Beattie From Death
for Murder of Wife

GOVERNOR CONVINCED
OF GUILT OF BEATTIE

Praises Judge's Decision as
Fair, Impartial and Free
From Error

RICHMOND, Va., Nov. 15.—Govern-
or Mann of Virginia, today refused
to interfere either by pardon or re-
prieve in the case of Henry Clay
Beattie, Jr., sentenced to death on
Nov. 24 for wife murder.

Gov. Mann refused to consider the
affidavit made in Washington by Paul
Beattie, a cousin of the condemned
man, that his damaging evidence is
false. It is now believed that there is
no doubt that Beattie will die on the
date set.

Governor Mann, in refusing to in-
terfere to save Beattie from death,
issued the following statement:

"While I sympathize profoundly
with the father of the convicted man
and would be glad to help him if I
could with proper regard to the public
interests, I cannot with any considera-
tion for these interests interfere with
the due execution of the court's sen-
tence in the Beattie case."

"I followed the case during the trial,
and as its horrible facts developed,
I regretted that a crime so cruel and
malicious should have occurred with-
in the confines of the state. In his
decision of every question presented
to the able and impartial judge who
presided, he was careful to give the
benefit of all reasonable doubt to the
prisoner, and his instructions to the
jury were as favorable as the counsel
for the prisoner could have expected,
and that he did not err in his admis-
sion or exclusion of evidence or in his
instructions to the jury, is shown in
the refusal of the Supreme Court of
Appeals to grant the writ of error
petitioned for by the defense. There
is no question as to the honesty or
fairness of the jurors trying the case,
nor is there any question that the de-
fense obtained for Beattie every ad-
vantage guaranteed by the law to per-
sons charged with crime. That Beattie
is guilty of the wilful, deliberate
and cruel murder of his young wife,
I have not the slightest doubt."

After hearing the news of the Gov-
ernor's decision that he must die,
Beattie remained calm and urged his
friends not to worry. When he came
with the news to the prisoner, Dr.
Dennis found Beattie's sister, Hazel,
in the cell after she left, Dennis
told the news, Beattie smiled. His
friends expect him to enter the death
chamber smiling.

The mixed glee club of the high
school sang "When Billows are Rock-
ing," demonstrating by its good work

"Now as to the high school. Two
years ago we erected what is known
as the Commercial High School,
which we thought would furnish room
for that school and for the high
school for at least five years. This is
only the second year, and every room
is full. We now have an enrollment
of 527 in the high school. The seating
capacity of the assembly hall is just
356. Figure it out."

"As to the Manual Training School,
it is estimated that next year the stu-
dents from the grammar schools will
entirely occupy the building, crowding
out the high school entirely."

"I offer this explanation because it
seems to me that is really is time for
the people of Santa Ana to rise to
the occasion."

JUDGE BORDWELL TAKES FIRM HAND IN JURY EXAMINATION

LOS ANGELES, Nov. 15.—T. J.
Green, one of the jurors in the Mc-
Namara case, passed for cause, has
appealed to Judge Bordwell to be ex-
cused. He is subject to inflammatory
rheumatism, and was so bad last
night that the bailiffs had to carry
him up stairs to the jury room. The
court granted the application. Both
sides were disappointed, as Green was
plainly without prejudice in the case.

Later Judge Bordwell, acting on his
own initiative, with the interposition
of a challenge for cause by the pro-
secution, abruptly stopped the exam-
ination by Attorney Vermilyea for
the state, of M. W. Corcoran, a for-
mer mine engineer, and peremptorily
excused him. This action astounded
the defense attorneys, all of whom
were immediately on their feet to

protest. Darrow managed to ejacu-
late that the court's action was a
violation of the defense's rights, and
illegal, and to declare it absolutely
conflicted with the action of yester-
day in seating Juror Elliott, who ad-
mitted that he was more than 74,
whereas Corcoran is only 68. But
Judge Bordwell put an immediate
stop to argument by declaring that
he had ruled in the case and would
not change his ruling, neither would
he permit argument.

Defense Attorney Davis then ex-
amined C. A. Heath, a Compton
farmer, who said he knew little about
the case, and had not formed any
real opinion. He was passed for
cause by the defense, and was under
examination by the state when the
luncheon recess was ordered.

Swindler of Banks is In Orange County Jail

One bank swindler's swindle was
responsible for the arrest of another
bank swindler. That is about the re-
ason the sheriff at Ukiah happened to
land P. R. Stock, the man who beat
the First National Bank of Anaheim
out of \$25 last May. After Stock left
Anaheim, his \$500 draft having been
found to be fraudulent, he went to
Arizona, San Diego and Marysville.
He managed to defraud a number of
banks with clever forgeries. He seem-
ed to run in luck. He managed to get
\$1000 from one bank.

His run of luck ended at Ukiah. It
so happened that the bank there had
just had a direful experience with a
swindler named Frye, and as a conse-
quence the officers of the bank were
extremely nervous and prone to be
suspicious of anything that had about
it the remotest shadow of shadiness.

A few days ago Stock walked into
the bank in a very business-like man-
ner, and wanted to start an account
deposit. The cashier would not put
the amount to Stock's credit, but took
the checks for collection. The more
the cashier thought about it, the less
he liked it. He told the sheriff that he
thought something was wrong, and
the sheriff showed the cashier a cir-
cular sent to all the sheriffs of the
state by Sheriff Rudbeck. This circular
contained Stock's picture.

A short time afterward Stock was
arrested, taken to jail and a tele-
gram sent to Sheriff Rudbeck at San-
ta Ana.

Stock told the sheriff on the way
here that his real name is Stock and
that he has a brother at Long Beach.
Stock admits that he had trouble
with the bank at Anaheim.

CALLED ELECTION FOR DECEMBER 14

LOS ANGELES EDUCATOR SAYS POLYTECHNIC SCHOOL BONDS WILL BE BEST INVESTMENT

At the Grand Opera House last
night Prof. J. H. Francis, superintend-
ent of Los Angeles city schools, and
former principal of Los Angeles Poly-
technic High School, told a fair-sized
and highly interested audience some-
thing about the conduct and benefit
of polytechnic high schools. The meet-
ing was under the auspices of the
Santa Ana Board of Education, and
was in the interest of the school bond
issue which is to be voted on Decem-
ber 14. Women registration deputies
were present in the lobby of the the-
ater during the evening, and many
women were registered.

W. L. Duggan, president of the
Board of Education, called the as-
semblage to order, and expressed the
debt of the board to the ladies who
had done such good service as regis-
tration deputies in behalf of the
school bonds. The girls' chorus of the
high school, under the direction of
Miss Taylor, then rendered very
charmingly a selection which called
for an encore.

President Duggan then introduced
Superintendent Cranston as first
speaker of the evening.

"I shall not worry you with statis-
tics," said Mr. Cranston, "but will
endeavor to show you what the situa-
tion is in Santa Ana. At the beginning
of the school year we found the first
grade in Roosevelt school so crowded
that we were compelled to send chil-
dren clear across town to the Jeffer-
son school. Next we had to take small
children from the far eastern part of
town to the western schools. At the
beginning of the school year we re-
opened the Fifth street school, in or-
der to relieve the Third street school.
Now it has more pupils than it can
handle, and we have had to send chil-
dren from it back to Third street. At
the beginning of the year we thought
we could use the Central school for
an over-flow building, and doubted
whether all of the grades would be
represented there. Now we have all
the grades there."

"Now as to the high school. Two
years ago we erected what is known
as the Commercial High School,
which we thought would furnish room
for that school and for the high
school for at least five years. This is
only the second year, and every room
is full. We now have an enrollment
of 527 in the high school. The seating
capacity of the assembly hall is just
356. Figure it out."

"As to the Manual Training School,
it is estimated that next year the stu-
dents from the grammar schools will
entirely occupy the building, crowding
out the high school entirely."

"I offer this explanation because it
seems to me that is really is time for
the people of Santa Ana to rise to
the occasion."

The mixed glee club of the high
school sang "When Billows are Rock-
ing," demonstrating by its good work

(Concluded on Page Three)

the successful attention to music
which is given in the school.
Before presenting Prof. Francis Mr.
Duggan made a brief statement in re-
gard to the bond election called for
December 14. In brief, he said, Santa
Ana has grown so fast that the board
is unable to cope with the situation
as at present equipped.

Southern California Unique
"The situation in Santa Ana," said
Prof. Francis, "seems to be the situa-
tion in Southern California. While
listening to Prof. Cranston's explana-
tion of the situation here I was re-
minded of the difficulties we have had
in Los Angeles in keeping up with
the growth in population. Southern
California is growing by leaps and
bounds, but the present growth is as
nothing compared to the expansion
we shall see when the Panama canal
shall have been finished. So when we
build we should build well for the fu-
ture."

"Southern California is unique as
regards the phenomenal rapid de-
velopment of the polytechnic high
school. There is not now in Southern
California a city of considerable size,
save alone Santa Ana, which has not
a polytechnic high school either com-
pleted or building. And one of the
most promising things in the country
today is the growth of agricultural
schools. We have been turning too
many boys and girls into lines where
they could not make a living. Now
we are trying to turn them out pre-
pared to cope with the world."

"A polytechnic high school is an
ordinary high school plus—and the
plus is the important part. The addi-
tional studies are chiefly in the line
of mathematics, chemistry and phys-
ics. The added mechanics are along
the line of shop mathematics, teach-
ing the making of practical computa-
tions and estimates. It is a remark-
able thing that our present system
does not equip boys and girls to make
the simplest practical computations,
for instance, the computation of lum-
ber."

The Science Worth While
"The studies of chemistry are along
agricultural lines—teaching the chem-
istry of the soil. Not only is the stu-
dent taught the principles of scienti-
fic soil handling, but he is taught
how to apply them. The only science
worth while is the science that can
be applied to the problems of life,
and therefore in these polytechnic
schools we endeavor to teach applied
science."

"In physics the schools have gone
largely into electricity, which plays
such a large part in the life of today.
In the Los Angeles polytechnic, for
instance, we have a four-year course
in electricity, which covers all branch-
es of the subject."

"The whole idea of the polytechnic
school is not so much to turn out

AS PLANNED ASK \$225,000 ISSUE

Board of Education Passed
Necessary Resolution
Last Night

FIVE POLLING
PLACES SELECTED

Two New Teachers Elected at
School Board Meeting
Last Night

The Board of Education last night
passed the necessary resolutions call-
ing for an election on December 14,
at which there will be submitted to
the voters of the Santa Ana school
district two propositions, one a bond
issue of \$200,000 for a new high school
and one for \$25,000 for a new gram-
mar school.

The school board met with City
Attorney Heathman at 6:30 o'clock.
The notice of election was ordered
posted and published.

The bonds are to bear five per cent
interest. The high school bonds are
to run forty years, and the common
school bonds twenty years.

The list of polling places and the
names of the election officers appear
elsewhere in this paper as a legal
advertisement.

The school board's session last
night was short, as the members de-
sired to attend the mass meeting at
the Grand Opera House. The resig-
nation of Miss Miller as a teacher at
the McKinley school was accepted.
Miss Grace Fuller was elected to fill
the vacancy. Mrs. Davies was added
to the faculty.

MISCREANTS ARE AGAIN ARRESTED

Leaders of Tar and Feather
Party Off on Technicality,
Again in Law's Grip

LINCOLN, Kan., Nov. 15.—Re-ar-
rested today on new charges of as-
sault and battery, E. G. Clark, James
Fitzwater and John Scranton, alleged
leaders of the party of fifteen promi-
nent young men of the city, accused
of tarring and feathering Miss Mary
Chamberlain, a beautiful young school
teacher, on August 8, will be formally
arraigned tomorrow.

The trials were expected to start
yesterday, but the information was
quashed, and the men were re-ar-
rested on a slightly different charge,
as the laws of Kansas do not recognize
tarring and feathering as a distinct
offense.

RODGERS' BIPLANE MAY HAVE TO GO TO DAYTON, OHIO

PASADENA, Cal., Nov. 15.—The
mechanicians in the Rodgers' camp
must establish an aviation carpenter
shop at Long Beach to repair the bi-
plane which Rodgers shattered when he
fell at Compton last Sunday, or
else send the entire craft to the
Wright factory at Dayton, Ohio, to be
rebuilt. An examination today con-
firms the result of yesterday's exami-
nation, after which it was stated that
there was no hope of putting the air-
craft into shape for further flight un-
til special machinery had been install-
ed.

Rodgers was much improved today.
He awoke late and after a breakfast
of oatmeal, three glasses of cream,
followed by three cigars, he announc-
ed that he was going to get up, and
was only prevented from so going by
the arrival of his physician.

REBELS BOMBARDING HANKOW
—IMPERIALISTS LOSE HEAVILY
SHANGHAI, Nov. 15.—The rebels
renewed their attack on Hankow to-
day, and the city is being bombarded.
The imperialist death loss is reported
as heavy.

U. S. AMBASSADOR MEETS KING
ROME, Nov. 15.—United States
Ambassador Thomas J. O'Brien yester-
day presented his credentials to
King Victor Emmanuel.

NEWS BUDGET OF FAIRVIEW

FAIRVIEW, Nov. 15.—"Watch us grow when the new street car line comes through here."

This is a sample of remarks heard here along with the report that the Pacific Electric expects eventually to build to Newport Beach from Santa Ana.

Sunday school will be held in the schoolhouse here Sunday afternoon. Mr. S. Ferguson and T. S. Harlin went clam hunting at Bay City Thursday.

Mrs. James Jameson is recovering from her recent illness.

Fairview Hot Springs Hotel has its new gas plant completed, and now has plenty of natural, odorless gas for lighting and heating purposes.

Mrs. J. W. Heath is the week-end guest of her parents, Mr. and Mrs. A. Roper, at Rose Hill Courts, Los Angeles.

Mr. and Mrs. W. S. Bobb entertained Richard Nugent and wife, of Newport Sunday.

Miss Etta Perry has been on the sick list.

Fall plowing has begun. Henley Ellis and W. Myers are running their steam plows day and night.

Fairview is in need of a larger school building, as the school here is outgrowing the capacity of the building.

SCHOOLEY & SCHENCK

FREE IF IT FAILS

Your Money Back If You Are Not Satisfied With the Medicine We Recommend

—We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associated organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Santa Ana only at our store—The Rexall Store, Dean's Drug Store, 104 West Fourth street.

Public Announcement

I desire to announce that the law business formerly conducted by Montgomery & Tarver will be continued by me at the same office and I will endeavor to deserve the continued confidence and patronage of clients of the old firm.

(Signed) B. E. TARVER

Attention Lady Macabees!

—You are cordially requested to be at the Review Tuesday, Nov. 14. Business of importance is to be transacted.

APPOINT FINLEY CITY ENGINEER

(Continued from page one)

ened recently. The petition was granted.

Oil Tank Controversy

A. C. Black asked permission to place a 1000-gallon fuel oil tank under the sidewalk in front of the Orange County Savings Bank. He said property owners objected to having the tank in the alley, and the bank will abandon the project. There is no provision in the building ordinance regulating the placing of tanks, and the bank might have had the right to keep the tank in the alley. The tank will be sixteen feet deep.

By said he had investigated and found the city's sewer lies in the alley and having the tank in the alley would cause trouble with the adjoining property owner. Reid said it would jeopardize the sewer into the building. Black said that Mr. Reinhaus objects to having the tank there.

Attorney Forgy for Reinhaus explained that the deed to the alley gives the city the right to use the alley for city purposes, but not for any private use except on the agreement of the property owner. The fee to the entire alley belongs to Reinhaus.

The petition to place the tank beneath the sidewalk in front of the bank was granted.

Wanted to Know

Clerk: "The city marshal asks that the board appoint John Pugh as a special officer for the high school."

McPhee: "Our schools have the neat distinction of needing the services of our police in addition to the corps of teachers. I am opposed to paying out money for a special officer for the schools. Tedford stated the man would serve without pay from the city."

Grubb: "Do they want this officer to care for unruly students or for the protection of the building from others?"

By: "A few nights ago someone took some of the high school property and threw it into my yard."

McPhee: "If the president of this board thinks the officer is needed, I will vote for him."

By: "I don't know anything about the behavior of the high school students. Those bicycle racks were thrown onto my yard."

The petition for the appointment of the special officer was granted. McPhee voting no.

Referred to Committee

Tedford: "The marshal wants to know if he shall issue a license to the vulcanizing works on Sycamore street."

Brackett's SYSTEM BUILDER for BLOOD—STOMACH—LIVER AND KIDNEYS—

Will fill your veins with rich, red, vitalizing blood—invigorate your heart—improve your digestion—strengthen your nerves—regulate your liver and kidneys—eliminate all impurities—and put all your organs in natural balance and harmony, thereby insuring the body against disease. Not a nauseous liquid medicine, but a "pleasant-to-take" herb tablet containing no habit-forming drugs.

For sale at first-class drug stores, 50c per box, or sent prepaid upon receipt of price by Robert A. Brackett Company, Chemists, Los Angeles, Cal. Liberal sample and booklet free upon receipt of ten cents in stamps to cover mailing and postage.

glasses are the genuine "invisible" bifocals. The "near" and "far" lenses are one solid glass. No "lines;" no cement. Kryptoks are the "real thing" in bifocals.

DR. WILCOX EYESIGHT SPECIALIST
210 West 4th Street.

Roper's Book Store

McPhee: "It is a pretty good man who attends to his own duties. The city marshal had no right to issue a license for the laundry."

Tedford said the license for the vulcanizing works is up to the city marshal, but he wants the board to back him up. McPhee said he wanted to know if it is supposed that the marshal is judge of whether or not a business will be a fire-menace. He said the marshal has no right to determine cases where smokestacks are necessary.

The matter was left to the fire and police committees, Alderman and Greenleaf.

More About Autos

Claude Ramsey petitioned to be allowed to stand a rental auto east of the Farmers & Merchants' National Bank, south of the east door.

Grubb objected to granting any special privilege to anyone. He said the trustees by resolution restricted Main street for 60 feet south of Fourth, and then granted a special privilege to Bennett to have a stand on the east side of the street within the restricted district.

"I protest against taking up time deciding a thing, and then backing up on our decision. I think the machine in the east side of the street ought to be made to stand back outside of the sixty-foot limit."

Alderman said he thought Bennett ought to be moved back, but not far enough to be in front of the produce company's side door. On Alderman's motion a permit was granted Ramsey and Bennett must move back.

Alderman stated that he had tried to get prices on creosote blocks to cover Main street bridge, and with further time will get prices.

By: "A few days ago in one of the papers appeared a series of questions to the board by a lady of this city. I think some cognizance should be taken of the questions. I would say, first, that much of the money spent by this council is for work that is not parent above ground. The city council works like a gopher."

"She asks, why is it advertised that our tax rate is \$1.20 when in reality, with 98 cents school tax, it is \$2.18. My answer is that the city tax is \$1.20. The school district tax rate is 98 cents, but this city has no control over that rate or the money."

"She wants to know why the county cannot attend to the assessment and collecting of taxes for the city. I agree that it could be done cheaper. The reason it is not done is that the law allows the city to levy only a certain amount, and if the assessment is low we cannot get enough money to run the city, so the assessment was put into the hands of the city that the assessment might be raised. The city has been deprived of taxes from public utilities, and next year from taxation of old soldiers."

"This board has done a good deal, most of it underground, like gophers. We built a reservoir at the water works to hold 7.3 carloads of oil. We have laid thousands of feet of sewer and water pipe, all underground. We built a lavatory at Birch Park. We are building a \$20,000 reservoir at Sixth and Olive streets."

Grubb: "I don't like the comparison to gophers. Everything we have done has been fair and square and above ground. We have two newspapers as well edited and superior to the papers of any city this size in the state, and they have full and accurate accounts of the doings of this board, and if any of our citizens inquire as to what we are doing, let them come here and sit through the sessions or subscribe to a paper and read about it."

McPhee: "Mr. Grubb speaks my sentiments. This lady asks about that 98 cents. If this \$225,000 bond issue is carried she will have 45 cents added to that. As to information, I will gladly give it to her either personally or through the public print."

Trees to Come Down

Alderman: "There is no practical way of avoiding felling the two pepper trees along Sycamore street in the Central school grounds. I move that the petition for leaving the trees stand be denied."

Grubb seconded, and the motion carried. By voted aye after Alderman stated that neither tree could be saved without changing the sidewalk lines.

The clerk was instructed to notify the school board to remove gymnasium apparatus that stands over the sidewalk space.

The board adjourned until next Monday night.

WIGGINS SAYS LOS ANGELES TO REACH 450,000 BY FEB. 1

Los Angeles Tribune: There are 375,000 residents in Los Angeles today, and that number will be increased to 450,000 by the first of February because of tourist influx, according to an estimate made by Frank Wiggins, secretary of the chamber of commerce. "I am estimating this population on postoffice statistics, crowds on the streets passing a given point and street car traffic," said Wiggins. "This is a conservative estimate. Some may probably think the figures not high enough."

"These figures have been a matter of great importance to us," continued Wiggins, "and we have devoted considerable time to population conditions. As we estimated the population at 325,000 before the census, I think we are pretty close to the real figure now. The recent enormous registration and the reports of increase in school enrollment all go to show that Los Angeles has passed the 350,000 mark by a long margin."

A Queer Little Animal

In Chile there lives underground, like the mole, a queer little animal with a long name, chalmphorus, which really means armor bearing. Its fore feet are adapted for digging. The whole upper and hinder parts of the body are covered with a coat of mail made up of a series of square plates. The peculiar tail is protected by small scales, but the under parts of the body and legs are covered with soft hair.

Come expecting to find big values in goods of quality, but no cheap, poorly made stuff.

Lane's Furniture Store

The Old Reliable Furniture House

303-305 West Fourth Street

Every reduction we quote you is bona fide. No fictitious prices have been marked. All prices in plain figures.

ANOTHER POINT OF VIEW ON THE STATE HIGHWAY ROUTE

(FROM THE RIVERSIDE ENTERPRISE)

The Merchants' and Manufacturers' Association of Orange is also active in mapping out a desirable portion of the state highway, having appointed a live committee to work in conjunction with committees of other Orange County towns in securing the highway through that county, the route in favor being along the El Camino Real, through Fullerton, Anaheim, Santa Ana, Tustin and San Juan Capistrano.

The report from Santa Ana says:

"Riverside and San Bernardino are making every effort to have the state highway commission select what is known as the inland route to San Diego, and the Orange County committees will endeavor to show the highway commission that at least seventy-seven miles of road construction can be saved by building to Orange instead of over the inland route.

"To come through this way would add only twenty miles to the distance between San Diego and Riverside and San Bernardino, and would give the people of those sections a more direct road to Los Angeles."

The Riverside County board is in favor of a coast highway and an inland highway, too, and it is generally understood that it is the ultimate intention of the commission to build

two such roads, but the position taken by the Orange County people in the suggestion given above only tangles up the two ideas by deflecting the road from Los Angeles to cross their county and then throws the highway back to the coast at San Juan Capistrano. In making the suggestion they are antagonizing the desires of the supervisors of Los Angeles, Riverside, San Bernardino and San Diego counties, and it is to be regretted that they saw fit to suggest a combination of coast and inland highway for the purpose of taking in some of their inland towns.

Had the Orange County board of supervisors availed themselves of the invitation to attend the conference held in Los Angeles some time ago, when the state highway commission asked the southern boards to send representatives to Los Angeles and there meet and discuss the various plans with the commission, it is believed that they would view the matter in a different light.

All of the southern county boards of the state were invited to attend, or send representatives to the conference, but Orange County was not represented, being the only one of the counties to disregard the invitation, for what reason is not known.

EDUCATOR SAYS SCHOOL BONDS ARE BEST INVESTMENT

(Continued from page one)

graduates highly specialized in some branch, as to turn out well equipped citizens. For instance, in the woodshop we do not necessarily turn the student out as a fully qualified carpenter, but we believe that if he takes up that trade he will be a better carpenter for having taken the course. So it is with the farmer or the blacksmith or the engineer. In the woodshop the boy learns how to make a piece of furniture and to make it honestly—something, by the way, very desirable in these days. A boy who knows how to make and how to tell an honest piece of furniture ought to be a better citizen for it. If we taught more about honest construction in the schools there would be more honesty in business life.

"Some educators favor making the academic course separate from the practical in these schools. This, I think, is a mistake. The boy who doesn't want to learn how to be a farmer or a blacksmith or a carpenter—who cares for nothing but spending his father's money and wearing fancy clothes—that boy needs to be brought into closer contact with the boy who is learning to be a blacksmith—needs to see the latter in the assembly hall in his overalls and jumper. It is an important feature in the making of citizens."

"We live in an age when machinery is of such importance in conducting of affairs that we sometimes forget the man behind the machine. In the past the machine has in many cases been bigger than the man, but the nation has now come to a point where the one who runs the machine must be bigger than the machine he runs. He must be capable of thinking and initiating, not merely a dependant on machinery. Therefore in the machine shop we teach the boy not only how to handle machinery, but how to put it to best uses and how to design it."

The Girls' Side

"So far I have been talking entirely about boys. Now as to the girls: Every well equipped polytechnic high school has a food-chemistry laboratory. The significance of the fact can hardly be understood today. Let us once teach the girls of the nation to be scientific food chemists, and many of the problems which confront us today will be solved. The coming woman will know something about food combinations—about combining various elements in the proper proportion for the sustenance of this animal body. And really, 'feeding the animals' is one of the biggest things woman has to do.

"The schools in addition have sewing rooms and art rooms combined. The girl is taught to design her own hat, her own dress. She will no longer have to go to Paris for designs. She is taught to design furniture for the home. There is no place in the nation where art is so necessary as in the home. Look the world over and you will find the homes have been designed almost entirely by men, and this is largely due to the fact that we haven't given the girl her chance.

"In closing I would say to you, vote your bonds. Every dollar you spend in that way will come back ten-fold in actual money because of the advertising your town will get. Los Angeles' high schools have been the best investment the city ever made. All your boy has the right to demand of you is opportunity. He doesn't need your money—too many boys are being ruined by being given more money than is good for them—but he is entitled to a chance to develop himself. Not alone should he have the chance, but he should be made to do for himself."

In dismissing the audience Mr. Duggan invited the citizens to visit the different local schools and see conditions for themselves.

Tomorrow, November 16th, Lane's Furniture Store begins a great money-raising sale. Everything in furniture at reduced prices. See display ad. in this paper for gifts to be given to buyers.

COMING SOON

—Watch for Lightenberg at Taylor Bros. Confectionery.

"Seven Days," Mary Roberts Rinehart and Avery Hopwood's clever comedy that relates the adventure of a dinner party during a week in quarantine, will be presented by Messrs. Wassenhals & Kemper at the Grand Opera House, Sunday evening, Nov. 19, under especially attractive conditions. The company comes from the Astor Theater, New York, and the third year for "Seven Days" on Broadway. It will be "Seven Days," the leading comedy success of the day, with the brilliant New York cost and superb Astor Theater production. To signalize the comedy's third year in

New York and for its tour following the notable Astor Theater engagement, the cast was carefully chosen and extra consideration was given to stage settings. The first setting for "Seven Days," an oriental drawing room, is rich and novel. The second scene, a kitchen, is unique, while the third is a roof garden at night on a house on Riverside Drive, New York, overlooking the Hudson and Jersey Heights beyond. Quite naturally the costuming of "Seven Days" is in keeping with the rest, and women will admire the gowns. They are the latest Paris exportations. These, however, are accessories.

OUR PUBLIC SCHOOLS

With the object in view of increasing the interest in the work of the public schools, and bringing out helpful suggestions, the Register feels warranted in publishing the following correspondence:

Santa Ana, Cal., Nov. 3, 1911.
Mr. J. P. Baumgartner,
Santa Ana, Cal.

Dear Sir:—We are trying to make the Santa Ana Commercial High School a noted educational institution as well as one that will prepare students to meet the most exacting demands of the business world. In order to meet this demand, we must keep in close touch with business men. It is for the above reason that I am asking you to please favor us by answering the following questions:

Are you a graduate of a commercial school?

If you had your life to live over, what change would you make along educational lines?

Have you had any experience in employing business college or high school students as assistants in clerical positions? If so, what were their weak points?

You will find enclosed a copy of our course of study, upon which I wish you to express your views. Such information will aid us materially in educating the younger generation for the business world. You are urgently requested to visit the school and inspect our methods.

Thanking you in advance for any interest shown, and trusting we may be favored with a letter at your earliest convenience, I am,

Yours truly,
V. L. HUGHES.

Santa Ana, Cal., Nov. 10, 1911.
Mr. V. L. Hughes,

Santa Ana, Cal.

Dear Sir:—I am replying as soon as possible to your letter of Nov. 3. No, I am not a graduate of any commercial school, and am greatly the loser thereby. I received a few weeks of instruction in bookkeeping, and it has been of great value to me. I believe every young man and young woman should take at least a brief commercial or business course; for no matter what their life-work is to be, it will involve business principles.

If I had my life to live over—that is if I were now a young man in the High School—I would take a thorough business course, and choose farming as my profession. And I would, at any cost of effort on my part, secure a thorough scientific training in agriculture and horticulture. There can be no more independent and morally wholesome, no more healthful, interesting and useful work than contributing to the world's food supply. Nothing else is, in my judgment, so fundamental in a social and an economic sense as this. I believe that when the proper proportion of consumers and producers is reached and maintained all the serious problems that are now vexing community life and our social organism will have been solved—such as the conflict between capital and labor, the tariff, the high cost of living, municipal government, the slums, etc., etc.

I have had considerable experience in employing young men and young women who were, or had been, pupils in high schools and commercial schools. I have found that many of them do not spell correctly, and that few of them use the English language with force and facility. Also their minds do not seem to be alert and resourceful; they are prone to proceed by rote and rule, rather than along lines of independence or adaptation. They lack initiative; they seem to need leadership.

These deficiencies or weaknesses are, perhaps, common to all youth and inexperience, at least to some extent; but I am inclined to believe that boys and girls who have learned business in the schools of experience are more self-reliant and resourceful than those who have been taught in the schools, though the latter have compensating advantages over the former. What seems to me to be necessary is that the system of education should be such as to put the pupils "up against it," to develop their resourcefulness and power of initiative.

Perhaps the weaknesses which I have observed are not general among commercial school or high school students, are not common to them as a class, but I fear that they are so to some extent.

Very truly yours,
J. P. BAUMGARTNER.

STOP DRINKING!

—We have sold ORRINE, the standard remedy for the liquor habit, for a number of years. You will be interested in knowing that thousands of men have been restored to lives of sobriety and industry by the aid of this meritorious article.

Orrine is a simple home treatment, that requires no loss of time from work while you are taking it. Start today and you will be surprised at the quick results. If after a trial you fail to get any benefit from its use, your money will be refunded.

Orrine is prepared in two forms—Secret and Voluntary Treatments. Costs but \$1.00 a box—less than a man would spend in a day for drink. Come in and get a free booklet. We'll gladly tell you of the good work ORRINE is doing. Hatzfeld & Parsons.

Church Fair and Supper
—The Unitarian Ladies will hold their annual church fair on Friday afternoon and evening, Nov. 17. A chicken pie dinner served from 5:30 to 7. Admission free. Supper 55c.

Fashion Clothes

The Art Of Being Sociable

HAVEN'T you known and pitied the chap who couldn't be nice if he tried, and seldom tried to be?

The fault wasn't entirely with the man. It's more than likely that his clothes had something to do with it. Put the same chap in

"R. B. FASHION CLOTHES"

and watch the metamorphosis. To a certain and very material degree, clothes make the man. They give confidence and gain approval.

You particular young men will like the "hang" of "Fashion Clothes" better than any suits you ever wore. We'll show you.

NOTICE OF ELECTION

Of a School and High School Election in Santa Ana School District and Santa Ana High School District on Thursday, December 14th, 1911.

Notice is hereby given that a school election and a High School election shall be held in the Santa Ana School District and Santa Ana High School District within the corporate limits of the City of Santa Ana in Orange County, State of California, on Thursday, December 14th, 1911, for the purpose of submitting to the qualified voters of said School District and High School District the propositions whether or not said School District shall issue and sell \$200,000 bonds of said School District for the purpose of raising money to purchase school lots and for building one more school house and supplying said building with furniture, necessary apparatus for improving the grounds of said school house and affording better facilities for educating the school children within said school district.

And for the purpose of submitting to the qualified voters of said High School District whether or not said High School District shall issue and sell \$200,000 bonds of said High School District for the purpose of raising money to purchase school lots and for building one more school house and supplying said building with furniture, necessary apparatus for improving the grounds of said High School, and to afford better facilities for educating the High School students within said High School District.

That for said purposes said Board of Education of Santa Ana School District and High School Board of said Santa Ana High School District within the corporate limits of said City of Santa Ana hereby and herein calls a special election within said District on Thursday, December 14th, 1911.

That in the event the qualified voters of said Santa Ana School District vote for the issuance of said \$200,000 bonds of said District by a two-thirds vote of the voters voting at said election, the Board of Supervisors of Orange County will issue and sell twenty-five hundred \$800 each for said school purposes. Said bonds shall be dated January 1st, 1912, and one of said bonds shall be due and payable on the first day of January, 1912, the one twenty-fifth part thereof, and one of said bonds shall be paid on every first day of January following thereafter, until all of said bonds and the interest thereon shall have been fully paid.

The principal of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, represented by semi-annual coupons, and said interest and coupons shall be payable at the office of the County Treasurer of Orange County, in the City of Santa Ana, California, on the first day of July, and the first day of January, after the issuance of said bonds.

In the event that the qualified voters of said Santa Ana High School District vote for the issuance of said \$200,000 bonds of said High School District, by a two-thirds vote of the voters voting at

said election the Board of Supervisors of Orange County will issue and sell twenty-five hundred \$800 each, five of said bonds, the one-fortieth part thereof, payable on the first day of January, 1912, and five of said bonds payable on the first day of January, 1913, and of each and every year thereafter, until the principal and interest on said bonds have been fully paid, and on the first day of July, and on the first day of January, thereafter, until all of the interest on said bonds shall be fully paid, at the office of the County Treasurer of Orange County, State of California.

The principal of said bonds of \$200,000 School District bonds and the principal of said \$200,000 High School District bonds, shall be paid in respectively one twenty-fifth part and one-fortieth part, annually at the office of the County Treasurer of the County of Orange, in the City of Santa Ana, California.

That for the purposes of said election the said Santa Ana School District and the said Santa Ana High School District shall be divided into five school election precincts, to-wit:

School Election Precinct No. 1 shall be bounded as follows, to-wit: Commencing at the intersection of East Third and French streets, in said City, running thence North on French street to its intersection with East Washington Avenue, thence West on East Washington Avenue to its intersection with Bush street, thence North on Bush street to its intersection with East Seventeenth street, thence East on East Seventeenth street to its intersection with North Broadway, thence South on North Broadway to its intersection with West Third street, thence East on West Third street and East Third street to its intersection with French street, the point of beginning.

School Election Precinct No. 2 shall be bounded as follows, to-wit: Commencing at the intersection of East Fourth street and French street, running thence North on French street to its intersection with East Washington Avenue, thence West on East Washington Avenue to its intersection with Bush street, thence North on Bush street to its intersection with East Seventeenth street, thence East on East Seventeenth street to its intersection with North Main street, thence North on North Main street to the North boundary line of the City of Santa Ana, thence east and South along said boundary line to East Fourth street, thence West on East Fourth street to the point of beginning.

School Election Precinct No. 3 shall be bounded as follows, to-wit: Commencing at the intersection of French street and East Fourth street, running thence East on East Fourth street to the eastern boundary line of the City of Santa Ana, thence South and West along the said boundary line of said City to South Main street, thence North on South Main street to its intersection with Third street, thence East on East Third street to its intersection with

French street, thence North on French street to the point of beginning.

School Election Precinct No. 4 shall be bounded as follows, to-wit: Commencing at the intersection of North Main street and Third street in said City, and running thence West along West Third street to its intersection with North Broadway, thence North on North Broadway to its intersection with West Fifth street, thence West along West Fifth street to a point due west of West Fifth street extended, thence East along West Fifth street to the intersection of West Fifth street and North Broadway, the point of beginning.

School Election Precinct No. 5 shall be bounded as follows, to-wit: Commencing at the intersection of North Broadway and West Fifth street in said City, running thence North along the center line of North Broadway to its intersection with West Seventh street, thence East along said West Seventh street to its intersection with North Main street, thence North on North Main street to the North boundary line of said City, thence South along the West boundary line of said City to a point due west of West Fifth street extended, thence East along West Fifth street to the intersection of West Fifth street and North Broadway, the point of beginning.

That in said school election and High School Election the polls must be open at 8 o'clock a. m. of the morning of the day of election and be kept open until sun down of the day of election, when said polls shall be closed, and said election shall be held in accordance with the general election laws, except as provided for elections in school districts and High School districts.

That the ballot to be used at said election shall read as follows: \$25,000 School District Bonds Yes No \$25,000 High School District Bonds Yes No \$25,000 School District Bonds Yes No \$25,000 High School District Bonds Yes No

Said election shall be held in each of said school election precincts at the following places hereafter named and the following Boards of Election consisting of One (1) Inspector and Two (2) Judges for each precinct and electors thereof, are hereby appointed to hold, conduct and make returns of said election as required by law, to-wit:

School Election Precinct No. 1
Polling place at Czar's building, North Broadway street.

Inspector—J. C. Carden.
Judges—O. L. Halsell and D. G. Cole.

School Election Precinct No. 2
Polling place at Harris House.

Inspector—J. H. Reeves.
Judges—Geo. H. Randall and L. F. Harvey.

School Election Precinct No. 3
Polling place at City Hall, southeast corner of Main and Third streets, City of Santa Ana.

Inspector—R. J. Thompson.
Judges—B. E. Tarver and A. R. Rowley.

School Election Precinct No. 4
Polling place at Richelieu Hotel.

Inspector—P. L. Tepte.
Judges—R. R. Shaffer and Mark B. Lacy.

School Election Precinct No. 5
Polling place at Mrs. Zaker's Barn.

Inspector—Ed. Waite.
Judges—E. Y. King and R. F. Eaton.

Nuts
Nuts, as a rule, contain little water, much fat, are rich in protein and have been regarded as more or less indigestible. The indigestibility in nuts is said to be largely due to insufficient mastication and to the fact that they are often eaten when not needed, as after a hearty meal or late at night.

Leather Cannon
Leather cannon were used at the battle of Leipzig, Sept. 7, 1631.

Doings In Social and Club Circles

LORD-PETERSEN

Brilliant Wedding of Well-Known Santa Ana Girl to San Franciscan

The marriage of Miss Emeline Petersen, the eldest daughter of Mr. and Mrs. L. Petersen, to Philip D. Lord of San Francisco, took place at 8 o'clock last evening at the family home on Spurgeon street.

The house was a bower of beauty with pink roses in the hall, magnificent yellow chrysanthemums in the dining room and beautiful white roses in the living room, artistically combined with ferns by the skillful hands of Mesdames W. Frank Harris and W. W. Crozier.

There were eighty guests present, and to announce to them the coming of the wedding party, Percy Rice sang "I Chose You." Following this, the strains of the wedding march were played by Percy K. Lusk, as Rev. Otto S. Russell, pastor of the First Baptist church, and Stephen Glass of Portland, Ore., the groom's best man, stepped into a floral canopy to await the coming of the little flower-girls, Helen and Dorothy Hall; the bride's maids, Edna Hamaker and Juanita Metzgar; the maid of honor, Miss Elsie Harrison, who was becomingly gowned in pink and carrying a bouquet of pink rose buds. At the door to the living room, the groom met his beautiful bride, attired in her coronation gown, worn when she was crowned queen of the 1910 Orange County Carnival of Products. Over this was the bridal veil caught with lilies of the valley, a bouquet of the same exquisite flowers being carried by the bride, who never looked more lovely than as she trod the rose-petaled path, accompanied by the proud and handsome bridegroom.

We are not surprised at our attention being called to a certain peculiarity of diction in our corner of last evening. When we wrote "thinking the breath to the lowest and foremost portion of the lungs," we meant to imply a more active, transitive meaning of the verb "to think" than it ordinarily possesses. Indeed, with some people, the act of thinking has an all too passive and impotent signification. But the kind of thinking necessary to vocal or any other kind of student is just of that sort which, in its power of concentration and immediateness of achievement, seem to efface a consciousness of intermediate action of any part or parts. Therefore, continue trying to think your breath to the point you want it and you will soon discover how it will obey the thought direction.

Exercise IV: Observe rules given for preparing for inhalation. Inhale slowly, sending breath first to lowest parts of lungs and gradually filling upwards, letting breath permeate every cell. This exercise is a combination of those given yesterday.

You are cordially invited to come to the Musical Kindergarten demonstration at the Conservatory next Saturday afternoon at 4:30 o'clock. 504 1/2 N. Main St. Main 214

At the close of the simple but impressive ring ceremony, showers of love and congratulations were bestowed on these two whose future seems so promising.

The Dragon catered with a delectable two course wedding supper, a pretty service being given by Miss Jessie Flook, Miss Ada West, Miss Gladys Harrison and Miss Morris. While the guests were partaking of refreshments, Mr. and Mrs. Lord stole away in an auto to the H. H. Reeves home, where the bride put off the wedding dress for a becoming traveling suit. Later the bridal couple left for Los Angeles to leave today for a short stay at Catalina before going to the home awaiting them in San Francisco.

The bride has lived in Santa Ana for a number of years and has endeared herself to the people not only of Santa Ana but to many throughout the county. She will be missed by an unbroken circle of friends in the First Baptist church, where her sweet voice has been listened to so regularly; by a large company of admirers in club circles where she has so generously given of herself, and in her own home circle, where her charming voice and lovable disposition are best known.

Mr. Lord, although he came to Santa Ana a comparative stranger, has left behind him many friends, who are appreciative of his mental powers, his manly appearance and his upright character.

As the guests departed after the wedding, Miss Vina Petersen, a sister of the bride, waited on the porch and presented each one with a ribbon-tied package of wedding cake upon which to dream happy dreams. This was a pretty aftermath to an unusually delightful wedding event.

The gifts were beautiful and numerous, prominent among these being a chest of silver from the groom's relatives in Pasadena, and a statutory set from the choir of the First Baptist church, of which the bride was so long a member. The bridegroom's gift to his bride was a diamond stud pendant, this being the only jewelry worn with the bridal gown.

To their San Francisco home Mr. and Mrs. Lord will be followed by the good wishes of all who have known the charming bride and the young man to whom she has given her future life.

ALL DAY MEETING

Methodist Ministers of County to Assemble—Address of Interest and Profit

There will be an all-day meeting of the Methodist ministers of Orange county tomorrow at the First Methodist church. The forenoon session will open at 10 a.m. and will be devoted entirely to the ministers and their activities.

In the afternoon there will be addresses to which the public is invited to be present. Sunday school workers will find much of interest and profit in an address to be given by Rev. Oren B. Waite, conference superintendent of Sunday schools. He will speak on "Sunday School Methods."

In the evening there will be an address, probably by the district superintendent, and the quarterly conference will be held.

Nature Study Section

The Nature Study Section of the Rebel Club will meet with Mrs. J. N. Wilkes at 2010 Bush street, at 2:30 next Friday afternoon, Nov. 17. "The Wild Flowers of California" will be used during the study period.

CO-OPERATION URGED

White Ribboners Would Have Missionary Workers Join the W.C.T.U. Ranks

The W. C. T. U. held the regular fortnightly meeting yesterday afternoon in the Sunday school room of the Congregational church. The room was filled with ladies interested in the topics to be discussed. Mrs. M. M. Tibbald led the devotional service, and Mrs. C. W. Burns was in charge of the music. Later Mrs. Belle Rogers, the local union's parliamentarian, gave a very helpful drill on incidental and secondary motions.

The subject for discussion for the afternoon was "Co-operation With Missionary Societies." Mrs. W. W. Anderson, the superintendent of that department, was not able to be present, owing to the illness of her mother, and Mrs. Harry Dean had charge of the program. A round table discussion was held, with Mrs. McElree and Mrs. J. N. Anderson as leaders. While the brevity of the hour kept many interesting features of the question from being brought out, the striking point was made that where all W. C. T. U. members are also members of missionary societies, only a small per cent of missionary society women are members of the W. C. T. U. As the work of both organizations is really for the same purpose, the uplifting of humanity, it was urged that more of the members of missionary societies become members of the W.C.T.U.

Words of sympathy were expressed for one of our most loved members, Mrs. Keator, who is very ill at the home of her daughter, Mrs. W. W. Anderson; also for Mrs. J. J. Titchenal, who so recently lost her husband.

A vote of thanks was tendered the young men who served so well at the A.C.T.U. banquet, given the teachers on last Friday evening, and also to the young girls who served the cold water from the well that was so unique a feature of the decorative scheme in the dining hall. The banquet was voted a success in every way, and all remaining bills were ordered paid.

The distribution of gifts by the school children will take place during Thanksgiving week, and it is requested that the names of the needy ones be sent to the W.C.T.U. president, Mrs. Lea Warren, 814 Parton street. The secretaries of all missionary and aid societies, and all organizations, who know of needy persons or families, are asked to make out a list, as it is almost impossible otherwise to get the ones who should be remembered. It is the purpose of the committee to have the donations sent in one day earlier, that more attention may be paid to packing the boxes. The following ladies will have charge of the distribution: Mesdames Lea Warren, J. E. Kellogg, T. B. Elliott, M. B. Wawter, J. N. Anderson, Stroup, Albert Finley, Mrs. Potter, Van Almen, Miss Sarah Finley, assisted by any others who feel interested in this work.

During the afternoon Mrs. Mit Phillips, accompanied by Mrs. Albert Finley, sang charmingly.

The next meeting will be held on Nov. 28, at the home of Mrs. C. E. French, and the subject will be "Household Economics."

Socialist Women Meet

The Woman's Socialist Union will meet at the home of Mrs. Edson Smith, corner of Ross and West Seventeenth streets, on Thursday, Nov. 16, at 2:30. All women interested are cordially invited to attend.

Mrs. Kendall's Luncheon

Mrs. C. S. Kendall, who is giving a series of social functions, yesterday entertained with a pleasant 1 o'clock luncheon at the Kendall home on Cypress avenue. In the color scheme of red, the geranium, which is at its loveliest in Southern California, radiating its cheerfulness through all the changing seasons of the year, was used. A mass of the vivid flowers relieved by graceful ferns were used as a centerpiece for the prettily appointed table. Daylight was excluded and electric lights and candelabra were shaded in red, giving a rosy radiance. Covers were laid for ten, including the hostess and her house guest, Mrs. Frank Smith of Chula Vista, who came from her San Diego country home to attend the luncheon of yesterday.

The afternoon was spent in fancy work, over which the hum of cheerful conversation mingled with enlivening music from the Victrola.

Wedded in Los Angeles

Miss Gladys Morissey of Alhambra, who was a guest last week at the home of Mr. and Mrs. Robert McFadden, was married this afternoon at 3:30, at St. John's church, Los Angeles, to Mr. Edmund Bucomum of Los Angeles.

Mr. and Mrs. McFadden, the former the godfather of the bride, were detained from the wedding of their friend by the illness of Mr. McFadden.

Vandermast & Son

110 East Fourth St.

ent-Teachers' Association of Lincoln school on Thursday afternoon at 3:30, there will be a talk by Dr. Seecombe on the "Value of Joy," a report by Mrs. Whitney on "The Playground Institute," which met in Los Angeles last week, and Prof. Cranston will show how there are three hundred and fifty reasons why there should be a polytechnic high in Santa Ana.

Personals

Edgar Silvera who has been spending the past year with relatives at Garden Grove, left the early part of the week for his home at New York city. Mr. Silvera left over the Salt Lake route.

Mr. and Mrs. Wm. Pratt of 607 North Bush, are leaving for Los Angeles today. Mr. Pratt owns the property where he has been living and Santa Ana will be glad at some future time to welcome them back for residence again. Their daughter, Mrs. P. P. Nickey, has taken up residence with her daughter in Long Beach.

Mr. F. D. Smith, who has made his home in Santa Ana for the past two years, and who has made a wide circle of friends here, being a deacon in the First Congregational church, left Saturday over the Salt Lake Route for his old home at Grinnell, Iowa, where Mrs. Smith preceded him several months ago. Mr. Smith informed his friends shortly before he left that they need not be surprised if the Smith family returned to Santa Ana next spring, as Mrs. Smith was already beginning to have spells of homesickness for the friends she left in Santa Ana.

V. A. Delory, who has been spending some time in Orange county looking over farming lands, left Saturday over the Salt Lake Route for his home in Oklahoma. Mr. Delory was highly pleased with the land here, and said he would return next spring and make a new home near Santa Ana.

Miss Mattie Southerland of Pasadena, a friend of Mrs. George Hogg, is spending the week visiting here.

Miss Emma J. Norton of New York, who is spending the winter in Southern California, came down from Los Angeles this morning for a visit with friends in Santa Ana.

Miss Mary Wakeham returned from San Diego, where she has been visiting for the past two months with Mrs. L. A. Viersen. She states that Mrs. Viersen will give her first recital in San Diego on Monday next.

Shelley Horton and daughter, Mary, were passengers on the Los Angeles car this morning leaving here at 8:15.

Mrs. A. M. Johnston and Miss Nell Johnston were among those boarding an early Los Angeles bound car this morning.

Glenn Martin visited Los Angeles this morning.

PILES DEFY THE KNIFE

The Cause of their Formation Still Remains

One place where surgery fails to bring permanent relief is in the treatment of piles, because even when the evil tumors are cut away, the cause of their formation still remains. That cause is poor circulation. Dr. Leonard's HEM-ROID is the tablet remedy that is taken inwardly and gets right to the inside cause.

HEM-ROID is sold for \$1 by Rowley Drug Co., Santa Ana, Cal., and all druggists. Money back if it fails. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 101 1/2 East Fourth St., Santa Ana. Both Phones.

A decorated china plaque will be given to each of the first twenty-five ladies making purchases, large or small, at Lane's great money-raising sale of furniture, which begins tomorrow morning. Be there on the opening day if you want the best furniture bargains.

Tomorrow, November 16th, Lane's Furniture Store begins a great money-raising sale. Everything in furniture at reduced prices. See display ad. in this paper for gifts to be given to buyers.

BIG SPECIAL SALE OF FURNITURE AT LANE'S

The Lane Furniture Store announces that tomorrow they will begin a great money-raising sale. Everything in their line to be offered at substantial price reductions. Lane's is one of the oldest furniture stores in the city and has built up a reputation for reliable goods and square business methods, and no doubt this sale will be a great success.

In addition to the big discounts from regular prices, they offer the following extra inducements to buyers: To each of the first twenty-five ladies making purchases, large or small, on the opening day of the sale, will be given a beautiful decorated, ten-inch, china plaque. Purchasers of goods to the amount of \$50.00 or more will be given a decorated dinner set, while they last. There are 24 to 42 pieces in each set and those first to buy get choice, only one set will be given to a customer. The sale begins tomorrow morning.

Do Women Understand?

That many of them are daily enduring needless pain—that a reliable remedy is within the reach of all, and that we absolutely guarantee satisfaction or will refund any money you may have paid for this treatment.

Physicians in treating women's ailments have demonstrated the value of certain drugs for such cases and these ingredients, following the formula of a certain successful physician, are contained in Rexall Vegetable Compound, in the amount considered necessary to produce the most satisfactory results.

We want every ailing woman in this city to realize the value of this remedy and to that end offer to refund any money paid us for this preparation, if, after a fair trial, it fails to produce beneficial results.

Rexall Vegetable Compound can only be obtained at our store—The Rexall Drug Store. Price, \$1.00 per bottle. Dean's Drug Store.

STORE CLOSED TO INSTALL NEW FIXTURES

—Taylor Bros. store will be closed for two days, owing to the fact that their new Liquid Iceless Soda Fountain is being installed, and when again opened, Friday morning, it will greet you with innovations in every line. Watch the papers.

Licensed Yesterday

A marriage license was issued yesterday in Los Angeles to Jim Tyler, 23, and Stella Presley, 22, both of Huntington Beach.

Card of Thanks

—We wish to extend our thanks to our many friends for their kind remembrances in our recent bereavement.

MRS. ALICE TITCHENAL AND FAMILY.

Box Social Friday Night

—Everyone is cordially invited to attend a box social and dance, to be given by the Fraternal Brotherhood, Friday evening, Nov. 17. Fifty cents buys a box and entitles you to dancing for which special music has been engaged. Ladies bring boxes, and everyone come and enjoy yourself.

Purchasers of goods to the amount of \$50.00 or more, will be given a fine decorated dinner set of from 24 to 42 pieces, while they last, at Lane's money-raising sale. There are a number of these sets to be given and they retail regularly at \$10.00 to \$15.00. Sale begins tomorrow morning. Lane's Furniture Store, 303-305 West Fourth street.

NEXT P. E. LINE WILL BE FROM RIVERSIDE TO SAN BERNARDINO

When the Lankershim extension of the Pacific Electric railway is completed between December 1 and 15—the dates set by officials of the company—the work of building an electric line from San Bernardino to Riverside will be begun by the railroad, says the Los Angeles Tribune. The entire track has been laid between Hollywood and Lankershim for the extension, the wires are strung and all is in readiness for the operation of cars except some more necessary ballasting on the road bed. Difficulty, it is said, has been experienced in getting the required rock with which to do this work.

IS GOING EAST TO DISTRIBUTE FRUIT

Fred H. Taylor left for the East Sunday, where he will aid his brother John in the distribution of the fruit canned by the Taylor Cannery Company of Santa Ana. The work will take about six weeks and will be largely in points in Iowa. There are fifteen carloads of fruit to be distributed.

VERY GRATIFYING BANK STATEMENT

The statement of the Orange County Savings Bank, published today in response to the call of the State Superintendent of Banks, is nearly 1,000 shy of the bank's recent average resources, and yet the total shows a big increase over former statements. The day before the call the resources total was \$607,000 in round figures, and the day after it was \$623,000, while on the 10th, the day of the call, it was \$733,729.88.

The growth of this bank, in spite of its handicap of doing business in temporary crowded quarters during the construction of its new home, is very gratifying to its officers and stockholders, and to the entire community as well.

FOLKS PAST FIFTY MUST USE CASCARETS

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels. A 10-Cent Box Will Truly Amaze You

—Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

COMING SOON

—Watch for Lightenberg at Taylor Bros. Confectionery.

TWO WEEKS TREATMENT

We have been explaining Osteopathy, now we want to demonstrate the work. Read the special strate work. Read the special offer.

There are people in Santa Ana and vicinity who are suffering from the effects of falls, strains, or other accidents, that have caused slight injuries to their spines, resulting in nervousness, neuralgia pains, or numbness, poor circulation, headaches, throat or bronchial trouble, pain in the chest—indigestion, sluggish liver, constipation and other ailments that I know positively could be benefited, or entirely relieved by Osteopathic treatment.

There are children, whose little ailments are directly due to injuries received at play. Some of these are developing spinal curvature. These troubles can be cured now, while the little bones are soft, while the spine has become set, it will be too late. I believe if parents could realize these things they would gladly place these children under Osteopathic care.

So many people could be helped, if they but knew the value of Osteopathy, and they would all become enthusiastic friends of the Science. This is what I want. I want to help you, and I want your influence for myself and for Osteopathy, but I also realize that to many, the Science is new, and is somewhat in the nature of an experiment, and for this reason I am going to make it possible for those who would like to give the treatment a trial to do so, at very little expense.

My Special Offer Just to get you interested in Osteopathy I will give two weeks' treatment free to all patients who begin before Nov. 25th, 1911, and who will agree to take at least one month's treatment.

In other words, when you pay for half a month I will give you a receipt for a full month; of you arrange for one month I will give you a receipt for 6 weeks' treatment.

This will give me time to show some good results. One month may entirely relieve you, if so, I shall be delighted, for I think you will tell your friends. If one month is not quite enough, you will be so pleased with results you will want to continue until cured.

After Nov. 25th my charges will be the usual Osteopathic fees.

DR. G. S. SKEEN

Osteopathic Physician. Graduate under Dr. Still, Kirksville, Mo. Office and Residence, Sixth and Main Sts., Santa Ana, Cal.

MOST CERTAIN WAY TO END A BAD COLD

Surely Breaks the Cold and Ends Grippe Misery in a Few Hours

—It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

A decorated china plaque will be given to each of the first twenty-five ladies making purchases, large or small, at Lane's great money-raising sale of furniture, which begins tomorrow morning. Be there on the opening day if you want the best furniture bargains.

Notice to Public

Residents of Tustin, please take notice that you are requested to trim trees along the streets so that they will not interfere with traffic and pedestrians. If you do not do so, I will be compelled to turn the trimming over to my road foreman.

Fifteen Cents

HILL'S CORNER

For the past few weeks we have been investigating the condition of things on the planet of Mars and would have been ready to report our conclusions had it not been that the recent blizzard which visited our friends over the Divide caused so many "hurry up" orders for warm air furnaces that we had to come down to more material things and help the inhabitants of earth keep warm. So, for a few days, we expect to keep busy putting up new furnaces where they are most needed and re-constructing others that have heretofore failed to work, but by and by there will be a few warm days and then there will be no more hasty orders until the next cold spell arrives.

We have a good stock of heating stoves for burning wood, coal, gas or oil and our assortment of cooking stoves and ranges is about as good as anybody can show in this town.

Our stock of general hardware and plumbing goods is equal to all demands.

We have a large stock of corrugated iron in all lengths from six to ten feet and it is cheaper than ever before.

If you want anything in hardware or galvanized iron goods See

STARVING INDIA TO SPEND FORTUNE ON KING'S DURBAR

Great Camps for Royal Visitors and Retinue Built Around Delhi

SIMLA, India, Nov. 15.—The Indian government announces that it will spend \$5,625,000 on the Durbar. The native rulers, whose revenues are collected from the poverty-stricken natives, will probably spend another fifteen or twenty millions.

Drought, famine, plague and other diseases kill nearly one million people yearly, according to reliable estimates. Official figures show that 6,345,000 died from plague alone during the ten years ending 1909. Thousands die in districts never visited by the official enumerators. Snake bites alone account for 25,000 a year. The hospitals treated 27,076,000 patients in 1909.

With a population of nearly 300,000,000, India's death rate is about 40 per thousand. For the benefit of King George, and the host of native rulers, provincial governors, the viceroy and his staff, and other distinguished visitors, great camps have been constructed around Delhi. The ancient capital of the Mogul and Indian emperors is a big city, but it is old, congested and unsanitary. Hence the camps.

There are 437 camps, covering an area of 26 square miles. They include 62 miles of roads, 12 miles of railway lines, 31 postoffices, and 10 telegraph offices. The King's camp is of course the biggest, and will be guarded by two regiments of British troops and the Imperial Cadet Corps, the most aristocratic regiment in India.

There are also five official camps, set aside for ministers and provincial governors. Prices in Delhi and the camps rule from \$15 to \$40 a day. The city has been invaded by a host of automobiles, which are a source of constant terror to the simple country-folk. Nearly 4000 cars are plying between the city and the camps.

SWEET POTATOES GROW WELL HERE

Experiments Near Lankershim Suggest New Locality for the Tubers

Los Angeles Tribune: The sweet potato is not a new product in Southern California, but W. C. Barnett, who has a small ranch near Lankershim, shows a crop that is quite unique. He has been experimenting with the San Fernando valley soil and thinks that district may become the sweet potato center of the country. "I have a small trial plot," he said, "which has given me a crop unprecedented in the number of tubers to the hill and in size. On one root which is on exhibition in the office of the Janss company in Los Angeles there are twenty-one potatoes. That's a big family for a potato bug, to say nothing of potatoes. "Another root has eleven tubers, all of the best commercial size and some of the potatoes have weighed as high as three pounds. A Georgia sweet potato grower who has visited the ranch says he has never seen a crop like it. It roots like this can be grown here in quantity," he told me, "the time will come when the South will be despoiled of its present prestige in the growing of this product. We can grow nothing like this experimental crop in Georgia." Small experiments in both sweet potatoes and peanuts that have been made on the Van Nuys-Lankershim lands have given excellent results.

FIRM FOUNDATION

Nothing Can Undermine It in Santa Ana

—People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of hundreds of Santa Ana residents, expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

E. O. McKinney, 824 East Third St., Santa Ana, Calif., says: "For over a year I suffered from pains in my sides and it seemed as if a knife were being thrust into me. I thought that the trouble was caused by heavy lifting, but I was unable to get relief. Acting on the suggestion of a party who had used Doan's Kidney Pills, I procured a box at Dr. Dant's Drug Store. Finding relief from their use, I continued taking them and it was not long before the pain had ceased. The passages of the kidney secretions were also regulated and my kidneys were restored to a normal condition." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ADVANTAGES OF A CHECKING ACCOUNT

In the regular course of business the depositor receives checks on many banks. It is not necessary for him to present these checks for payment at the banks on which drawn, but he may deposit them here, and this bank collects them for him through the Clearing House, without charge, and credits them to his account. Checks on out-of-town banks may be deposited in the same way, for collection.

National Bank Advantages

The advantage of transacting financial affairs with a bank such as the First National, organized under the laws of the United States government, are many. Chief among these is the assurance of the highest degree of safety by reason of the rigid restrictions which the law places upon the manner in which loans shall be made, surplus set aside from earnings for the protection of funds, and in general the close inspection and supervision which the government makes of our affairs.

Perfect Safe Deposit Facilities

IN THE JUSTICE'S COURT

PROSECUTOR IS
COMPLAINANT

Bad Boys Who Stole Koepsel's
Blanket and Overcoat
Now in Jail

Within a stone's throw of the county jail, two boys last night did a rash act. They stole property from a prosecuting attorney. Today the boys are in jail, charged with a felony, grand larceny.

The boys give the names Meredith Jones and Thomas Patrun. Yesterday they were sent back to Orange from Oxnard, where they were arrested after talking of doing holdups and thievery. They said they had been sent to Orange from the East, and had given up their jobs farming for a trip as hoboes. At Oxnard they said their names were Charles Jones and Harry Martin.

Last night the two boys, one aged 16 and the other 18, journeyed to Santa Ana. Standing beside the curb at the courthouse was an automobile belonging to Deputy District Attorney Koepsel, who was busy in the office. They found a laprobe or rather a valuable wool blanket, and a cravenette overcoat. Jones took one and

Patrun the other.

When Koepsel left the office, he went out into the brisk air of the evening, and the cold sent a shiver over his frame. He rushed for the automobile to get his overcoat. It was gone. Koepsel put the officers wise to the thievery, and by 1:30 o'clock the thieves and the blanket and the overcoat were landed.

Policeman Ryan saw two persons standing beneath a tree near the Santa Fe depot. He gathered them in, and they proved to be the possessors of blanket and overcoat, together with a pair of automobile gloves, the owner of which has not been found.

Koepsel placed high value on the blanket. It and the overcoat combined are worth \$75.

The boys will be taken into the juvenile court.

Up to His Wife

Jose Estrada, charged with peace disturbance at Talbert, today pleaded guilty and was ordered to pay a fine of \$10. He sent his wife out among his friends to raise the money.

No Charge Brought

Although Policeman Heard caught three show-men stealing walnuts from Cood Adams' walnut orchard and took them to the justice's court, no warrants were issued. The men admitted taking two or three walnuts apiece. The question of value arose, and Justice Cox did not prepare a complaint, and the matter was referred to the district attorney's office, which was busy with the Overacker trial. The final result was that the men were turned loose.

Wait and see the Flanders Motor-cycle at Livesey's.

COMING SOON

AT THE COURT HOUSE

PHYSICIANS
TESTIFYING

Dr. Dryer Examined Overacker
Soon After Shooting and
Found Him Sane

Today's session of the trial of S. H. Overacker, charged with murder, had enough physicians in attendance to form a quorum of the Medical Society. Dr. J. I. Clark was the first physician called by District Attorney West. He heard a statement of the facts as alleged by the prosecution, and declared that he believed Overacker was sane at the time he shot Winn.

Dr. J. L. Dryer testified that he examined Overacker at the county jail the same day that and soon after Winn was killed, and he was positive that Overacker was sane. His answers to the hypothetical questions were that Overacker was sane. His answers between right and wrong in reference to the shooting at the time he shot.

Other physicians to be called by the district attorney are Drs. C. D. Ball, J. M. Burlew and H. S. Gordon.

Suing for Divorce

Mamie Pace has begun suit for divorce against Alvin Pace. Head & Marks are attorneys for the plaintiff.

Bonds Accepted

County Clerk Williams today received notice from J. H. Adams & Company of Los Angeles, that the \$35,000 bond issue of the Anaheim Union High School would be accepted. The buyer's attorneys examined the proceedings and found them correct in every detail.

Marriage Licenses

William W. McLaughlin, 32, and Maude E. Young, 25, both of Tustin; Roy Parker, 21, and Eva J. Williams, 18, both of Santa Ana; Charles B. Stevenson, 23, and Theresa A. Nevins, 26, both of Lamada Park; Harry Sullivan, 21, and Beatrice L. Vossburgh, 16, both of Los Angeles; Frank C. Sutherland, 36, of Orange, and Marion H. Taylor, 25, of Pasadena.

Ramon Padias, 23, of Villa Park, and Alberta Lan Franco, 23, of Orange; Roy G. Parker, 21, and Emma C. Vincent, 26, both of Los Alamitos; George G. Griffith, 39, and Catherine M. Clement, 39, both of Mojave; Claude E. Salisbury, 22, and Sadie A. Orrick, 20, both of Huntington Beach.

Purchasers of goods to the amount of \$50.00 or more, will be given a fine decorated dinner set of from 24 to 42 pieces, while they last, at Lane's money-raising sale. There are a number of these sets to be given, and they retail regularly at \$10.00 to \$15.00. Sale begins tomorrow morning. Lane's Furniture Store, 303-305 West Fourth street.

We've gobbled up a great many good things that will give an added flavor to your Thanksgiving dressing.

An attractive overcoat will help a heap.

We're showing some very "new" styles—very distinct in pattern.

To say they're "beauties" would be putting it mildly.

You can't buy anything either in suits or overcoats at this store that is not right in fabric, right in workmanship, right in price.

The present showing of overcoats is the best in the history of this store—and the saving more pronounced than ever.

More and more men learn this every day—and get the benefit.

Overcoats \$10 to \$25.

Horton-Spurgeon Furniture Co.
Corner Fourth and Spurgeon Sts. Santa Ana, California

FUNNIEST OF FUNNY
MEN IS COMING HERE

Santa Ana is going to have the funniest man in the United States here on Sunday, Nov. 26. He is taking his first trip West, and with him is probably the finest show on the road this year, "He Came From Milwaukee." There are sixty-eight people in the cast, and it takes four cars to haul the scenery. The show will appear at but four places in California, San Francisco, Los Angeles, Santa Ana and San Diego.

SATISFIED THAT
THEY ARE FAKERS

They must have had a lot of fires among charitable institutions in India. Yesterday N. A. Ulm, secretary of the Merchants & Manufacturers' Association, heard that an orphan's asylum was burned down, and today he got word that a school for poor boys had been burned. In the last three years, Ulm has heard about other institutions, including Christian missions and hospitals. Verily, India must be an awful place for destruction by fire.

Ulm got his news yesterday from a Hindu or some other kind of a foreigner. The foreigner wanted permission to solicit among the merchants for aid for an orphan's asylum that had burned. The man bore testimonials from two or three governors. Ulm refused the permit. Today came another foreigner, and he was soliciting for some other kind of an institution that had been leveled by flames.

"I believe these fellows are bogus," said Ulm. "They all come with the same kind of a story, but with a different institution as the object of aim. One reason I am satisfied of the falsity of their claims is that they do not collect more than enough to cover expenses, so there is nothing left for the poor people of India."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

SEATTLE CELEBRATES SIXTIETH BIRTHDAY

SEATTLE, Nov. 14.—Seattle was founded sixty years ago yesterday by a party of immigrants from Portland, headed by the families of Arthur A. Denny and David T. Denny, Tennesseans. They named the settlement after an Indian chief, with whom the settlers lived on terms of close friendship until his death fourteen years later.

The pioneer families located farms on what is now the site of a great city, and their descendants are among the richest residents of the Northwest. Seattle's birthday was celebrated

with a banquet by the Chamber of Commerce.

IS FINED \$50;
GETS IT BACK

ORANGE, Nov. 15.—Charles Baker today pleaded guilty before Justice Fullerton to the charge of allowing a brush-fire to get away from him. The justice named the minimum fine of \$50, and remitted it, Baker having paid out \$60 to cover the expense of fighting the fire in Baker's canyon, started from Baker's brush-fire.
